Annual Meeting**  
June 13—16, 2009

## **CONTINUING MEDICAL EDUCATION**

### **ACCREDITATION**

The American College of Surgeons is accredited by the Accreditation Council of Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

### **CME CREDIT**

The American College of Surgeons designates this educational activity for a maximum of **15.25** *AMA PRA Category 1 credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

## **2009 LEARNING OBJECTIVES**

### **Define the Need**

The Washington and Oregon Chapters of the American College of Surgeons will be combining their meeting this year which will be attended by approximately 100 to 120 practicing clinically active surgeons, residents, and medical students. The audience education needs include:

- Maintaining awareness of evolving best practices in the management of various surgical problems
- Staying abreast of innovative surgical thought and techniques
- Understanding basic science phenomena which may lead to changes in the way surgery is practiced

This perception of needs is based on feedback from prior attendees, and based on the content of the meeting being generated from actual attendees of the meeting.

### **Learning Objectives**

The learning objectives parallel the needs of the surgeons who attend the meeting. Attendees will learn about the management of critically ill patients in the ICU as well as gain knowledge on recent advances in lung cancer. There will also be discussions in topics in esophageal cancer, trauma, cardiac surgery, and pancreatic cancer to name a few.

The Bear Mountain Ranch Golf Course is located next to beautiful Lake Chelan in Central Washington. Less than three hours from Seattle, we're just off Highway 97A, the main route into Chelan.

From the Puget Sound area, take either the Stevens Pass Highway (Hwy 2) to Wenatchee or take Snoqualmie Pass Highway (I-90) to Cle Elum and then the Blewett Pass Highway (Hwy 97) to Wenatchee. From Wenatchee, take the Highway 97-Alternate cutoff to Chelan. We're 30 miles north of Wenatchee. Slow down when you see the lake ... we're on the left.

## **HENRY N. HARKINS: BIOGRAPHICAL NOTE**

Born in Montana in 1905, Henry Harkins spent most of his youth in Chicago, where he earned his medical degree from Rush Medical College in 1930. He subsequently received his surgical training at the University of Chicago, serving as Chief Resident in 1936. Following residency, Dr. Harkins began an active career in academic surgery, including fellowships in several European centers. Upon his return to the United States, he served on the staff of Henry Ford Hospital, and later at Johns Hopkins.

In 1947, Dr. Harkins became Chairman of the Department of Surgery at the University of Washington. Under his leadership, the Department gained a reputation for excellence that endures to this day.

Among Dr. Harkins' many contributions to surgery were work on traumatic shock, burns, hernia, varicose veins and a keen interest in gastric pathophysiology and surgery. Until his death in 1967, he remained active on numerous editorial boards and advisory panels. The Harkins Resident Paper Competition is a fitting tribute to the memory of this extraordinary surgical leader.
